When will my order ship?

Thereâ??s lot of hate out there for a text that amounts to little more than garbled words in an old language. The villagers are out there with a vengeance to get that Frankenstein, wielding torches and pitchforks, wanting.

When will my order ship?

How can you evaluate content without design? No typography, no colors, no layout, no styles, all those things that convey the important signals that go beyond the mere textual, hierarchies of information, weight.

Delivery time

If the copy becomes distracting in the design then you are doing something wrong or they are discussing copy changes. It might be a bit annoying but you could tell them that that discussion would be best suited for another time.

Tracking

To short sentences, to many headings, images too large for the proposed design, or too small, or they fit in but it looks iffy for reasons the folks in the meeting canâ??t quite tell right now, but theyâ??re unhappy, somehow.
